Topography: Mostly level. Seller has current geotechnical report.

Directions: Just left off of Rock Springs Road from Bennett Ave or right off of Rock Springs Road from Nordahl Road.

Road Frontage Type: Maintained,City Street

Trees: None

Zoning Description: By right use for four single family lots or six units on 2 lots permissible with SB-9 approval.

Cleared: Mowed

Possible Use Comments: Discover a prime development opportunity nestled in a tranquil residential enclave of North Escondido. This expansive 0.58-acre parcel (APN: 226-130-52-00) offers two highly valuable paths for developers, builders, and investors: subdivide into four single-family residential lots or utilize California SB9 to build up to six income-producing units. Take advantage of the RS zoning and VR-7.3 General Plan designation to subdivide the property into four legal lots, each with the potential to accommodate a custom or spec-built single-family residence. With utilities at the street and a favorable topography, this is an ideal infill project for builders seeking immediate upside in a high-demand area. Alternatively, maximize density and rental income through California Senate Bill 9: Split the parcel into two legal lots Construct up to three units per lot (main residence + ADU + junior ADU) Deliver up to six total income-generating units
